Who I know

What I hope for

My name

Where I live

My phone number

The book you are looking at has ideas about what will give you a good life.

You can use this book

- by yourself
- with your family
- with a friend
- with a group of people.

There are 3 books that will help you say what will give you a good life.

They are called

- What are my needs and dreams?
- What I do
Who I know
What I hope for
- Can funding get me a good life?

Is your life good?

Most people say that

- some parts of life are good
- some parts are OK
- some parts of life are bad.

But it can be hard to work out what you want to keep happening in your life.

And what you want to change.

This book helps you think about things that can make your life good.

This book talks about

- what you do each day
- the people you know
- your hopes and dreams.

This will help you plan your good life!

A plan has ideas to help you achieve what you want.

It will help you tell other people what you want.

Like your family, friends and the people who support you.

You can also tell the National Disability Insurance Scheme.

This is called the NDIS.

On pages 4, 5, 6, 7, 8, 9 and 10 there are some spaces for you to say what you do now.

You can say what you like doing.

And what you do not like doing.
